

Seattle GiveCamp 2019 Nonprofit Application

Use this form to have your proposal considered for Seattle GiveCamp 2019, which will be held in Redmond, WA from Oct 18-20, 2019. We are looking for nonprofit organizations who need software solutions that they can use to enhance their mission. This software solution might be a web site, desktop app, database, or some other piece of software that you need coded, designed, updated, or configured. The solution can be internal-facing (the user would be one of your volunteers, partners, or employees) or external-facing (the user would be the people you help), or in some cases, both. The primary factors we will use to judge your application will be (a) Will the solution be useful to the mission of the organization, (b) Will the solution be interesting and helpful to the target user, and (c) can it be created over a single weekend.

* Required

Your organization

This section asks a number of questions about the nonprofit organization.

1. **Today's date ***

Example: December 15, 2012

2. **Organization Name ***

3. **Are you a 501(c)(3) organization? ***

All applicants must be a 501(c)(3) nonprofit registered with the US Internal Revenue Service
Mark only one oval.

Yes

No

4. **What state are you registered in? ***
